And Martial Law is De-
clared in New Lexington
—Angry Citizens Make
Threats—Trouble Was
Anticipated.

(ASSOCIATED PRESS TELEGRAM)
New Lexington, O., Sept. 12.—
The appearance of Rev. Jeremiah J.
Crowley, former priest of the Roman
Catholic church and who is said to
live in Cincinnati, at the opera house
here Thursday night and Wednes-
day night to speak on "Romanism,"
so incensed residents of this city that
they demanded that he be stopped,
and threatened to take the law in
their own hands unless it was done.

Anticipating serious trouble Mayor
Rudd B. Gue yesterday ordered
out the local company of the seventh
regiment, Ohio National Guard, in
command of Captain Paul Tague.

The mayor claimed his authority under
section 5316 of the General Code.
Captain Tague, complying with the
order, formed 30 of his men in front
of the court house at 7 o'clock, and
declared the town to be under martial
law. He closed all saloons, stores,
public buildings, places of
amusement and all places of public
assembly.

At 7:45 o'clock last evening, Rev.
Crowley, with a committee of his fol-
lowers, appeared at the opera house
entrance. Guardsmen halted them.
Captain Tague then appeared and re-
quested them to accompany him to his
headquarters, which were estab-
lished in the mayor's office, and dis-
cuss the situation. A crowd of 800
men followed the party to the city hall.

Women became alarmed, screamed
and gathered their little ones from
the angry crowd and rushed to their
homes. In the crowd were
sympathizers of Crowley along with
several hundred Catholics and many
others who were opposed to the
man's views.

For an hour Crowley and Mayor
Gue were engaged in a heated argu-
ment, while guards stood outside at
the doors of his office.

Just as the controversy began Mrs.
Gue, wife of the mayor, was picked up
on the stairs of the city hall by a
policeman. She had fainted.

Seeing a supposed mob approach-
ing she feared it meant bodily harm
to her husband and she rushed to
him. After she was revived she clung
to his side for several minutes, and
it required quite an effort to quiet
her.

At the close of the discussion
Crowley consented quietly to retire,
but threatened to test the mayor's
authority in the courts.

Captain Tague then appeared be-
fore the crowd, which had grown to
the extent of at least 2000, and re-
quested it to disperse quietly.

Several persons heeded his re-
marks and insisted that Crowley be
taken outside of the corporate limits
and there make his address.

Crowley told the mob that he
would not speak during the evening
and requested those present to retire.

**CETONE'S PAROLE
PLAN GETS BLOW
FROM PHYSICIANS**
(ASSOCIATED PRESS TELEGRAM)
Columbus, Sept. 12.—All chances of
former State Senator George K.
Cetone securing a parole from the
penitentiary because of illness, were
glimmering today with the filing of
reports by three physicians selected
to make an examination of the con-
dition of the former solon to Governor
Cox. The physicians agree that Mr.
Cetone's condition is not now serious,
physicians, who were selected
at the request of the governor by At-
torney General Hogan and Prosecutor
Turner of Franklin county, were Drs.
H. W. Whittaker, J. W. Clemmer and
Yeatman Wardlaw.

Dr. Whittaker in his report to the
governor says that Mr. Cetone is suf-
fering from a recurrent attack of
rheumatism. The condition, he says
is one of long standing, and the pres-
ent phase is but one of the usual ex-
pressions which occur in the normal
course of the disease.

China Will Employ Foreign Officers to Assist In Work of Reorganizing Army and Navy

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 12.—Far east-
ern diplomats here regard the an-
nouncement of China's purpose to
employ a German army officer of
high rank and 200 subordinate offi-
cers as instructors to her army, as a
resumption of plans interrupted by
the revolution against Yuan Shi Kai.
The expressed view is that instead of
their being any objection to the
powers to such a military develop-
ment, it will be encouraged in every
way as one potent means of guaran-
teeing the integrity of the Chinese
republic.

Soon after the overthrow of the
Manchu dynasty, an ambitious pro-
gram was laid out for a national
army, responsible solely to the Pek-
ing government and independent of the
great provincial governors. The
plans contemplated the manufacture
in China of modern war materials.
Foreign machinists and artificers
were to be employed to instruct the
Chinese workmen and those plans

Body of Late Mayor Gaynor Is Accorded Unprecedented Honors by Great Britain

(ASSOCIATED PRESS TELEGRAM)
Liverpool, Sept. 12.—The body of
the late Mayor Gaynor of New York
was removed this morning from the
Liverpool town hall where it had been
accorded unprecedented honors by
Great Britain, and taken to the Cun-
ard line steamship Lusitania. It was
placed in the special mortuary chapel
on the forward deck of the steam-
ship. The Lusitania is due to arrive
at New York on Friday, Sept. 19. A
special guard of six policemen
watched over the body in the town
hall throughout the night. The cas-
ket rested on a great catafalque
which had been brought to Liverpool
from Westminster, Abbey. Early
this morning the mayor's body was
re-embalmed, this being found neces-
sary. A death mask of the features
of the mayor was also taken this
morning in accordance with instruc-
tions received from Mrs. Gaynor. The
Liverpool clergy, headed by the
bishop of Liverpool, persuaded Rufus
Gaynor to consent to the holding of a
religious service at 7 o'clock this
morning.

In the dim light of candles and in

the great fog which enshrouded the
hallway, the Rev. Theodore A. How-
ard, vicar of St. Matthews, conducted
an impressive church of England
funeral ritual over the remains of the
dead mayor.

IN HONOR OF DEAD MAYOR'S MEMORY

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 12.—Because of
Mayor Gaynor's great love for parks
and playgrounds, one of the finest
park-grounds in the city in all
likelihood will receive his name. In
making known today his plan to give
the name Gaynor to a recreation cen-
ter, Park Commissioner Stover said
he had in mind one on Washington
Heights which is rapidly nearing
completion. It is one of the finest in
the city.

"This center will include the two
features that the mayor liked, that of
a playground adjoining a park," said
Commissioner Stover. "He loved to
watch the children at play."

BELIEVES SLAIN GIRL HIS SISTER

Brother Identifies Torso
Taken From the
Hudson River

SLEUTHS HUNT SURGEON

With Whom the Girl Was
Said to Be in Love and
Who Has Disappeared—
Body Was Skillfully Dis-
sected.

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 12.—The young
married surgeon whom Annette Day
loved, was sought diligently by detec-
tives today to tell what he might
know of Miss Day's last hours. Her
brother, Frances, a real estate dealer
of this city, declared last night that
she was the slain woman whose body
was dissected and thrown into the
Hudson within the past two weeks.

He identified a portion of the body
—the head, arms and one leg were
still missing—as that of his sister by
an odd shaped discoloration on her
back which he said was a birthmark.

Annette Day, according to the
brother's story, was 23 years old, of
dark hair and complexion and one of
five children. Her mother lives at
Tarrytown and last saw Annette on
August 16 when the girl, bearing
motherhood, left home. Since then
none of the family had heard from
her. They thought little of her silence
for a while, believing she had got an-
other place at her trade as machine
operator on underwear. But after a
fortnight had passed without word
from her, the brother became alarmed
and began to look for her.

The search, at first casual, became
general, young Day said, after finding
the body of the river murder victim.
The police were not notified because
the brother felt that the girl might
still be alive and did not want to
make her disgrace public.

Detectives were told this morning
that the surgeon had disappeared re-
cently from his home in Brooklyn.
His wife and two small children, it
was said, were still there. He had told
his friends, according to the police,
that he had been threatened by the
Black Hand. They thought this
strange, the police say, as his practice
was not large, and he was not a
money man. The body of the mur-
dered girl, three portions of which
had been found this morning, was
skillfully dissected, according to the
declaration of the county physician of
Hudson county, N. J., whose ter-
ritory the torso was found by a man
who was practiced in surgery.

CONDITION OF THOS. A. EDISON IS IMPROVING

(ASSOCIATED PRESS TELEGRAM)
West Orange, N. J., Sept. 12.—
Thomas A. Edison, who is ill here,
has been ordered by his physician
never to take another vacation and
never to remain away from his
laboratory another two weeks to re-
cuperate from his recent fortnight in
New England. This was Mr. Edison's
first vacation in eight years and ac-
cording to the doctor the ageing in-
ventor is more tired out from work-
ing twenty hours a day. It was said
today his condition was improved
but that he was tired out completely
and required at least two weeks rest.

SHOVEL USED BY NEGRO; HIS VICTIM DIES

(Special to the Advocate)
Frazersburg, Sept. 12.—A J. Kintz
of Somerset, and here this morning
a few minutes after having been
struck over the head by a shovel
wielded, it is said, by George Short
colored, of Zanesville. At a late hour
today Coroner Walters of Zanesville
had not arrived, and acting under his
instructions, witnesses refused to tell
what they knew of the affair. Short
has disappeared.

At the time of the alleged assault,
both were at work on a new school
building being erected here by Con-
tractor H. J. Adams. It is said, more-
over, that Kintz and Short became in-
volved in a quarrel about 8 o'clock
and that Short was seen to strike
Kintz with his shovel. Kintz died an
hour and a half later and his body
was taken to the rooms of Undertaker
George Holtz. It is said he leaves a
wife and three children.

Apparently no effort had been made
to intercept Short up to late after-
noon today.

"BIG TIM" SULLIVAN

"Big Tim" Sullivan Killed By Train; Body Identified

(ASSOCIATED PRESS TELEGRAM)
New York, Sept. 12.—"Big Tim"
Sullivan, the New York politician,
who rose from newsboy to congress-
man, is dead.

His mangled body was identified
today by his stepbrother, Larry
Mulligan, after it had lain for thir-
teen days in a local morgue.

Sullivan, who was ill, eluded his
nurses in the early morning of Aug.
31 and a few hours after was struck
and killed by a train at Pelham
Parkway.

With no identifying marks on the
clothing or articles in the pockets,
the body lay in Fordham morgue for
thirteen days awaiting identification.
This morning it was sent to Bellevue
Morgue. There was stationed Peter
Furaid, a policeman, who had long
known "Big Tim."

Something about the features stirred
Furaid's memory. After he had
pondered an hour or so, Furaid re-
marked to a reporter: "That looks
a little bit like 'Big Tim.'"

Long at the mutilated and discolored
face, the reporter thought so too.
The telephone brought in "Big
Tim's" East Side friends in groups
to the morgue, but none recognized
the changed features the man they
had known in his prime. Larry Mul-
ligan, Sullivan's stepbrother, was
summoned. He looked at the face
and turned away. "It's 'Big
Tim,'" he said.

"Big Tim" met his death two
hours or less after he had wandered
out into the night from the home of
his brother Patrick, at Williams-
bridge. The neighborhood is spar-
sely settled there and Sullivan had but
a dollar in his pocket. He struck
out across the fields for the railroad,
apparently. With no thought in
mind that he would take a train for
New York and visit his former
cronies on the East Side.

Pelham Parkway station lay not far
away. It is possible that Sullivan
saw its light and made it his im-
mediate destination.

In any event
his body was found at 4 o'clock in
the morning near the tracks by a
policeman. It was taken to the
Fordham morgue.

For many months "Big Tim's"
mind had been under a cloud. Elec-
ted to congress last fall, he had never
taken his seat because of this trouble.
A commission was appointed to
administer the affairs of his large
estate and to watch after his person.

Last May, Patrick took him to Eu-
rope, hoping that the ocean voyage
and a trip on the continent would
restore him to health. When he
came back, however, his friends saw
little improvement in his condition.
He was taken to the Williamsbridge
home of his brother and three male
nurses were employed to guard him.

"Big Tim" Sullivan was a Tam-
many politician, worth at one time
at least \$2,000,000, which he made
from political connections. This
photograph, taken a month ago,
shows a peculiar stare. His mind
broke down a little more than a
year ago and he was formally de-
clared insane.

His relatives and friends insisted
that his mind was all right. But
he wandered away from the home of
his brother, Patrick H. Sullivan, es-
caping three guards.

More than any one else Sullivan
fixed the general reputation borne
by Tammany Hall. He was once
"King of the Bowery," his political
domain including that famous sec-
tion. While he made money in any
way a politician could make it, from
backing gambling houses to race
horses, he gave away large sums. In
fact, he has posed for years as the
most generous man in New York,
and his friends love to say if he
had \$10,000 in his pocket and were
to walk down Broadway for a mile,
he would not have a cent at the end,
his tender heart having been touched
for his full pocketbook.

SCORE OF MEN BADLY BURNED IN ELEVATOR FIRE

(ASSOCIATED PRESS TELEGRAM)
Buffalo, N. Y., Sept. 12.—A score of
men were burned, six seriously in a
series of explosions that shattered the
walls of the Clover Leaf Milling com-
pany plant here today. Fire followed
the explosions and the elevator, flour
mill and store house were destroyed
with a loss of \$200,000.

The explosion in many respects re-
sembled the dust explosion in the
Husted Mill last June, in which a
large number of workmen were killed.

TOM SAWYER CAVE IS A RENDEZVOUS FOR BOYS' PLUNDER

(ASSOCIATED PRESS TELEGRAM)
Hannibal, Mo., Sept. 12.—Mark
Twain's cave, south of Hannibal,
where Tom Sawyer and his compan-
ions had their rendezvous, was the
scene of the finding of \$4,000 worth
of plunder which five Hannibal boys
confessed they had stolen. The boys
told the police that after robbing
trains and residences across the
river from here they hid their loot
in the woods and at night conveyed
it across the river in a skiff. Seven
thousand cigarettes were found in
the cave.

FIRE DESTROYS ENTIRE VILLAGE

(ASSOCIATED PRESS TELEGRAM)
Kalamazoo, Mich., Sept. 12.—Rel-
ief work was being arranged
throughout this section today for the
benefit of the 100 or more residents
of the village of Hooper, 20 miles
north of here, who lost their homes
last night when the little lumber
town was swept by fire. It is said
that only house escaped the flames,
which started from sparks from a
passing railroad engine. No loss of
life has been reported. Fire inter-
rupted telegraph and telephone com-
munication with the burning village
and last night it was erroneously
reported that Cooper, a neighboring
village, had burned.

WAR ON TIGHT SKIRTS.

Upper Sandusky, Sept. 12.—The
Woman's Christian Temperance Uni-
on yesterday urged all the unions
of the state to do their utmost to
effect a reform in modern dress. The
tight skirt and slit skirt were se-
verely scored. The proposition to
reduce the size of the legislature was
also denounced.

SEC. WILSON OFF ON TRIP.

MAINTAIN CLOSE GUARD

Over the Prisoner at Cole-
brook and He Issues An-

er Causes Early Morning
Alarm Throughout Hotel.

(ASSOCIATED PRESS TELEGRAM)
Concord, N. H., Sept. 12.—In the
United States district court in this city
this afternoon Judge Edgar Aldrich
granted the petition of counsel for
Harry K. Thaw for a writ of habeas
corpus, returnable at Littleton, on
Tuesday next at 11 a. m., Nathaniel
E. Martin of this city and Merrill
Shurtlett of Lancaster appeared as
counsel for Thaw. The state of New
York was not represented at the
hearing.

(ASSOCIATED PRESS TELEGRAM)
Colebrook, N. H., Sept. 12.—After
another night speckled with rumors
of kidnapping Harry K. Thaw awoke
today to gaze out upon rainsoaked
streets and to confer with counsel re-
garding the hearing before Governor
Felt at Concord in opposition to his
extradition to the state of New York.

This hearing, according to the un-
derstanding of the Thaw lawyers, will
be held on Wednesday. Thaw will
probably be removed to the capital
Monday without further court
procedure here.

Annoyed at the constant and re-
curring reports that attempts were
being made to spirit him away, the
fugitive issued the following state-
ment before he breakfasted this morn-
ing:

"Some outside people have been
spreading rumors which are unfounded
and directly contrary to the facts.
We are told that this was calculated
to operate against the opinion of peo-
ple on our behalf. The fact is that I
am very well contented where I am
and we are glad to be in Colebrook
and I like the way people here stand
up against the efforts of outsiders to
rush things.

"Also I am very glad of the infor-
mation obtained by local counsel and
by Attorney Mr. Moses H. Grossman
of New York that Governor Felt
may afford a full hearing.

"We received warning on Wednes-
day that certain strong arm men were
being brought into New Hampshire.
Everyone in Colebrook knows that
what we did as a precaution was to
accept the offer of ten citizens of
Colebrook to meet any unlawful ef-
forts that might have been made.

"Every one of our side was on the
side of the law and our only interest
was to defeat any attempt at kidnap-
ing or any other illegal tricks such as
was boldly threatened in the hearing
of responsible people here.

"Now fifteen special local police
have been sworn in to our great sat-
isfaction. While they are on duty
there will not be any strong arm work.
"It might be said in passing that
regardless of expense, the special
train in which the duties of At-
torney General Carmody of New York
arrived in Colebrook has been waiting
now 48 hours and we are credibly
informed its engine has kept steam up
all the time.

(Signed) "H. K. THAW."

Neither side is trusting the other
and Thaw's special guards, trusting
neither side, all hands kept watch at
the hotel where Thaw is housed until
well after midnight.

PRETTY ROW OVER MOTHEATEN COAT WORN BY PERRY

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Sept. 12.—On the eve
of Cleveland's Perry centennial cele-
bration disgruntled persons have
stirred up a row with Toledo offi-
cials.

First Assistant Secretary G. W.
Motz of the citizen's committee, in
charge of the celebration, says that
Mayor Baker, the people of Clevel-
and and the committee have been
grossly insulted by Armon Whiting,
custodian of the Toledo art museum,
in a letter refusing of the loan of
Toledo Perry relics to Cleveland for
the celebration.

The relics which Cleveland offi-
cials had asked from Whiting in-
cluded Perry's coat. But it will not
be on exhibition.

"We asked for a loan of the
relics," said Motz, "but they refused.
Whiting's communication was insult-
ing. I won't show it."

It is said here that Whiting de-
clared that he had been heckled by
the Cleveland people to send the
relics until he wrote a letter that
would make them stop bothering
him. The relics are wanted for ex-
hibition in Toledo until October 1.

HAD SALT-RHEUM FOR MANY YEARS

Doctors Failed to Cure Him—Goodhair Soap Did the Work in Three Days.

"For a long time I have suffered from salt-rheum on my face. It was so bad that I could not go out. I tried many doctors but they could not cure it. Then I used Goodhair Soap and in three days it was all gone. I can now go out and feel fine."—J. J. SOUTHWORTH, 1000 N. 10th St., Philadelphia.

Goodhair Soap is a pure vegetable remedy. It is the only soap that cures salt-rheum. It is sold everywhere.

1914—Dan Donnelly defeated George J. Kelly in 11 rounds at County Athletic Club, Ireland. Donnelly was the most popular man in the Emerald Isle a century ago and the scenes of his famous battles are treasured as stories by the Irish. Kelly, who is now a professional pugilist, was born in County Kerry and in his youth the "Nonpareil" often visited the historic scenes connected with Donnelly's career, and "died" flowers on the grave of his hero. It was these associations of the youth that aroused in Donnelly the ambition to become a boxer.

SCHOOL EXHIBIT MADE IN NEWARK EXPO. SEPT. 29

An interesting feature of the coming "Made in Newark" exposition to be held during county fair week, Sept. 29th to October 5th inclusive will be the exhibit from the Newark public schools.

The committee which has already received assurance of support from a number of the Newark manufacturers, talked with Superintendent Hawkins and Principal Barnes Saturday morning and tentative arrangements were made for a fine showing of the school work. It is probable that the room just west of Curry's barber shop will be used for the school exhibit. This room is under lease by the Western Union Telegraph company which will later set up an office to be used in connection with its present office but at present it is vacant pending arrival of the new office equipment. An exhibit of work done in the manual training, drawing, domestic science, and other departments of the public schools will be both educational and attractive.

The committee will be glad to have all manufacturers' respond promptly to the letters which were mailed yesterday. In order to arrange the space and to start the advertising for the "Made in Newark" show it will be necessary to hear from all promptly.

Newark has over 40 factories and produces a great variety of manufactured goods. It is the desire of the committee to have every factory in the city represented in the exhibition.

Details can be secured from A. L. Norton, S. F. Alban or W. J. Eade. The Arcade windows and other spaces through the building are to be used for the "Made in Newark" show.

LABOR NOTES

Tomorrow, Sunday, morning will be the regular meeting of the Newark Trades and Labor Union, and every delegate should be present.

Later today will come the celebration of the 100th anniversary of the birth of Abraham Lincoln. It is a day of great significance and all who are interested in the history of the country should take part in the celebration.

The last meeting, August 29th, was very interesting. A large turnout of delegates and workers was present. The program of the evening was well arranged and of interest to all who attended. The speaker, Mr. J. M. Wilson, of the First National Bank, spoke of the importance of the labor movement in the history of the country.

Many resolutions were read in the evening and a letter to the Secretary was read and approved. Bro. Henry Williams, of the Newark Trades and Labor Union, spoke of the importance of the labor movement in the history of the country.

The following was referred to the Executive Committee of the Newark Trades and Labor Union: "The Newark Trades and Labor Union, in order to secure the betterment of the laboring classes in this country, do hereby resolve to support the National Association of Manufacturers, the National Labor Union, the American Federation of Labor, the Industrial Union of Marine and Shipbuilding Workers of America, the United Brotherhood of Carpenters and Joiners of America, and the United Brotherhood of Plumbers and Sanitary Engineers of America."

On the way, did you ever read a letter addressed to the one our president, Bro. Morgan, gave to the press? Read it, Brother, not once but two or three times and get the full sense of it.

FOOTBALL SQUAD OF LOCAL HIGH NOW AT WORK

Newark High school football squad is already hard at work and the followers of the gridiron game at the local school are firm in the belief that the team will have one of the best seasons in years. There is much good material at hand from which to select the team which will represent the school. Prof. Millisor is in charge of the athletics and will direct the work of building up the squad. Fred Nehls, a last year's star, is team captain and Karl Somers is in charge of the team's business interests as student manager. A schedule has been partly completed and includes games with Mt. Vernon, Delaware, Delaware, the Columbus schools and other nearby towns.

TENNIS TOURNAMENT AT CLEVELAND, O.

(Associated Press Telegrams)
Cleveland, O., Sept. 12.—The championship of Ohio in women's singles was scheduled for division at the state tennis tournament here today. Miss Edith Rottch of Boston, winner in the finals yesterday, met Mrs. Harry Bickle of Toronto, twice winner of the honor in the challenge round. Because Fred Harris, Brattleboro, Vt., the present state champion is ill, and there can be no challenge round, it was decided today to postpone until Monday the finals of the men's singles between C. O. Benton and A. E. Reed, both of Cleveland. The challenge round usually is played on that day.

TORTURED BY UGLY ITCHING ERUPTION

Doctor Recommended Resinol. Half of a 50c Jar Cured It.

Baltimore, Md., Nov. 5, 1912.—"My little daughter was taken with a very small spot on the back of her hand. It grew larger and caused her more trouble. When she would scratch it, it would bleed and get very ugly looking, so I doctored it myself for about a year, and at last it broke out on both knees, and when she would go to bed she would scratch, and was so tortured and suffered so from the itching, that I took her to our doctor, who recommended Resinol Soap and Resinol Ointment.

"I sent for samples and after the first application the itching and inflammation was improved, and I kept it up night and morning, and by the time the sample was gone she complained very little, so I got a fifty-cent jar, and before that was half gone the trouble had entirely disappeared." (Signed) Mrs. Maude Schmechel, 2757 Presbury Street.

Resinol is specifically effective for itching, burning eruptions, pimples, dandruff, burns, old sores and piles. Sold by all druggists. For free samples write to Dept. 15-M, Resinol Chem. Co., Baltimore, Md.

CLOVER SEED ON A DECLINE

PAST WEEK

Clover seed has dropped fifty cents during the past week and local merchants are convinced that the prices paid for this commodity will steadily decline. Reckoned clover seed is now being bought at six dollars per bushel. Several causes have contributed to this decline in the market and it is certain that these causes will produce a still lower market.

The acreage of clover in the county this year was not much larger than usual, but a large yield is reported from sections where the seed is being hauled. The crop in general is excellent all over the country. To this unusual yield is added the effect of the growth of clover where none was sown. The weather conditions, abnormal this year, were conducive to the growth of a good crop of clover where other crops were damaged.

Local wholesale dealers, Tenney & Morgan, are in receipt of a letter from a correspondent in Germany which states that "the prospects for a crop of clover in Germany are at present excellent." This indicates that the good crop in this country combined with bumper conditions in Europe will drive the market to a minimum.

High School Notes

Prof. Frank B. Pearson of Ohio State University, yesterday morning gave one of the best speeches that has been heard at chapel for a long time. Prof. Pearson is the high school inspector for Ohio State University and spent the day inspecting the work of the school. We all want him to come again.

The enrollment to date is 633 in the high school. This is twenty greater than ever before. The total enrollment for the year will run pretty close to the 700 mark.

Prof. Millisor is to coach the football team. Forty-five candidates have appeared for practice. With Fred Nehls as captain and Karl Somers as student manager, look out for something to happen in football. Games have been arranged with the Columbus schools, Delaware, Mt. Vernon, Doan and Coshocton.

The after-school classes are very popular. The manual training is full; the sewing and cooking 60 more than full; girls' glee club, 100; the freehand drawing, 50; the boys' glee club, 47.

The commercial department is so full that added equipment has to be purchased. The board is considering the fitting up of a new room for typewriting that will be large enough to meet the growing demand.

The school paper, "The Reveille," has before it the brightest year in its history. Juliet Besuden is editor-in-chief and is the right one in the right place. Others on the corps of editors are none the less fitted for their work. They are: Jerome Norpell, associate editor; Mary Elizabeth Fuller, literary; Cad Ankele, athletics; Louise Africa, local; Marjorie Lawhead, society; Lorine Coulter, alumni; George Pfeffer, exchange; Paul Needham, senior local; Ula Hess, junior local; Ava Ballou, sophomore local; Elizabeth Kibler, freshman local; Dode Fink, business manager; Harry Douce, subscription agent; Russell Kine, advertising.

LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded gray hair to its natural color dates back to grandmother's time. She used to keep her hair beautifully dark, glossy, and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wet's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

OVER 300 LICENSES ISSUED HUNTERS READY FOR SEASON

Number Throughout State May Exceed 30,000, Says Chief Deputy Game Warden.

To date there have been 314 hunters' licenses issued by Court Clerk B. O. Horton, and possibly half as many more by the various township clerks in the county. The rush is on in anticipation of the opening of the hunting season Monday. Licenses may be issued until Jan. 1.

In conversation with Chief Deputy John C. Speaks of the state fish and game commission, Clerk Horton learned Friday that approximately 20,000 licenses have been issued over the state. At least this number has been reported, and many more may have been issued. Speaks estimates fully 20,000 will have been issued by Monday.

There still seems to be some misunderstanding of the fee charged. The license costs \$1. A badge costs 25 cents. The clerk of courts is required by law to charge a fee of 25 cents for issuing the license. This money goes to the county and not to the clerk personally. In the case of township clerks issuing license, they may personally collect the fee of 25 cents charged for issuing the license. In some instances no charges are made by township clerks in excess of the \$1.25 for license and badge.

WIFE WAS EVEN JEALOUS OF THE "MOVIE" FIGURES

Pittsburg, Pa., Sept. 12.—The most jealous woman in the world, according to the account given by her husband in criminal court here, has been discovered. She has prohibited her husband, Frank Jefferson, whom she was charging with assault and battery, from viewing the motion pictures, on which are depicted the beautiful actresses of that realm.

Jefferson testified: "Why, if I took her to a nickelodeon and there was a pretty girl in the picture, she would hold me right in the show for looking at her. I went to church and she caught me merely glancing at a pretty girl would have to take her out to keep her from breaking up the service. Judge, I assure you my life has not been all roses.

The woman gave her testimony first. She said that her husband had been arrested once before for beating her, and had been paroled for a year.

Then the young man told his story. He said that one evening several friends were visiting them. They were having a good time, when one man jokingly said that he had seen Jefferson talking once with a woman. "Well sir," said Jeffers, "that was enough. She raised the roof. The guests left immediately. She was on the rampage all night. The next day she began again. She accused me of terrible things. I stood it that day and the next day, I got so, finally, that I couldn't stand it any longer, and I packed up my clothing. But she locked the door and would not let me out. That made me angry, and I slapped her good and hard."

The prosecuting officer was asked about Jefferson.

"He is a good man," said the prosecution officer. "He reports to me regularly. He is paroled. The woman is terrible. He can't even look at a woman without her finding fault with him."

Jefferson was paroled for a year.

PARTONAGE LIST UNDERESTIMATED SAYS THE AUDITOR

(Associated Press Telegram)

Columbus, Sept. 13.—Instead of 5,000 state employees subject to patronage under the short ballot proposal, there will be 17,000, according to the statement which State Auditor Donahy will issue in reply to an attack on his short ballot attitude made recently by Mayo Fessler, secretary of the Civic League, Cleveland. Tuesday, Mr. Fessler had disputed Auditor Donahy's statement that there were 5,000 employees subject to patronage, with the charge that not more than 1,500 could be included in this class. He charged the state auditor made an error in computation.

Mr. Donahy now acknowledges his error, but declares it was in making the number too small instead of too large. He is getting ready to let out a loud laugh, supposedly at the expense of Mr. Fessler.

SETTLEMENT OF CASES IN AIKEN TAX

In Under Motion to Enter Judgment Having Been Allowed Yesterday.

Judge Full court, allowed a motion to enter judgment in ten cases included in the list of 67 brought this morning to recover the Aiken liquor license. The suits represented a total of approximately \$55,000. The suits were originally entered in several settlements and in a number of instances are to be under way. Judgments were entered in the following instances:

James F. Simmons, \$373.63; Schaller Bros., \$218.69; Jerry Baker, \$307.15; Samuel Burrell, \$240; Samuel Burr, \$380.81; Lee Beatty, \$318.14; Frank J. Bader, \$373.68; Charles Slane, \$307.70; Charles Hearn, \$318.14; and Robert J. Follard, \$318.14.

DEGREE OF PERPENDICULARITY.

The degree of perpendicularity of a blow in the case alleged to have been administered to Anna Dick by Albert Vance, was up for consideration of Judge Fulton in common pleas court Saturday morning in connection with the resultant \$5,000 assault and battery suit. The court was thrown into laughter when the papers were read.

The petition mentions that the plaintiff received a black eye as a result of the encounter. The defendant filed an answer which involved the perpendicularity of the alleged blow, and it was on a motion to strike certain allegations from this answer that the matter came before the court.

Busy Grand Jury.

The September grand jury which has been in session all week, adjourned Friday night over Sunday. Many cases are up for consideration. The grand jury will resume its work on Monday morning and a report is likely late Tuesday or early Wednesday. Prosecutor Jones announced Saturday.

Common Pleas Court.

In the matter of the adoption of Opal May Weaver, an infant. The case was argued and submitted to the court on Friday. The suit is brought to set aside the guardianship.

In the matter of the estate of Alton Q. Miller, deceased. For hearing to the court on Monday next on motion.

In the matter of the estate of Henry Bash, deceased. Heretofore assigned for trial Monday next; passed for trial Sept. 26.

Wallace Wilkin vs. William H. Brown et al. Passed from the assignment.

WIFE WAS EVEN JEALOUS OF THE "MOVIE" FIGURES

Pittsburg, Pa., Sept. 12.—The most jealous woman in the world, according to the account given by her husband in criminal court here, has been discovered. She has prohibited her husband, Frank Jefferson, whom she was charging with assault and battery, from viewing the motion pictures, on which are depicted the beautiful actresses of that realm.

Jefferson testified: "Why, if I took her to a nickelodeon and there was a pretty girl in the picture, she would hold me right in the show for looking at her. I went to church and she caught me merely glancing at a pretty girl would have to take her out to keep her from breaking up the service. Judge, I assure you my life has not been all roses.

The woman gave her testimony first. She said that her husband had been arrested once before for beating her, and had been paroled for a year.

Then the young man told his story. He said that one evening several friends were visiting them. They were having a good time, when one man jokingly said that he had seen Jefferson talking once with a woman. "Well sir," said Jeffers, "that was enough. She raised the roof. The guests left immediately. She was on the rampage all night. The next day she began again. She accused me of terrible things. I stood it that day and the next day, I got so, finally, that I couldn't stand it any longer, and I packed up my clothing. But she locked the door and would not let me out. That made me angry, and I slapped her good and hard."

The prosecuting officer was asked about Jefferson.

"He is a good man," said the prosecution officer. "He reports to me regularly. He is paroled. The woman is terrible. He can't even look at a woman without her finding fault with him."

Jefferson was paroled for a year.

SCALY PSORIASIS ON ARMS AND LIMBS

Small Dots Grew Larger. Scales Formed. Looked Horrible. Cuticura Soap and Ointment Cured.

Troop H, 6th U. S. Cavalry, Camp McCoy, Sparta, Wis.—"I was troubled with psoriasis for nearly two years. Portions of my arms and limbs were affected mostly with it. It appeared in small dots, breaking out in very small dots and gradually grew larger and white scales formed when about the size of an ordinary match-head. The looks of it was horrible, which made it very unpleasant for me. It itched a little at times.

"I tried several remedies, but the trouble seemed to grow worse instead of better, and I tried several treatments which cured me for a month, but it always broke out again. One day a friend saw the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. They helped me, so I purchased two more boxes of Cuticura Ointment and some Cuticura Soap and they completely cured me. It took three months for Cuticura Soap and Ointment to complete my cure." (Signed) Walter Mahony, Oct. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of psoriasis of the skin, scalp, and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

EGG INSPECTORS ON STILL HUNT FOR TAINTED PRODUCTS

(Associated Press Telegram)

Columbus, Sept. 13.—Farmers and farmers' wives need keep a close eye on the eggs which they send to market, lest state egg inspectors take a look at their eggs and prosecute them under the pure food law which prohibits the selling of tainted food products. The state dairy and food department today announced that it will start anew a campaign of prosecution of any who sell bad eggs. Since farmers, it is alleged, have been more lax than wholesale or retail dealers in inspecting their eggs, it is expected that prosecutions may fall heavier upon them.

Four state egg inspectors now are traveling in search of bad eggs and the places where they are working is kept secret. They carry candling machines with them. These show the freshness of an egg by throwing an electric light through them. If a large air space shows or an undue discoloration, the egg is condemned and the dealer or farmer who sold it is liable for prosecution. A fine of \$25 has been imposed on many farmers of the state for selling bad eggs. The estimated loss in bad eggs is \$1,700,000 in Ohio alone. This is based on the expectation of dealers that two cents is lost on each dozen eggs bought and sold. This loss may be eliminated largely by care of farmers in rushing eggs to market and candling, or selecting their product before it is sold, the dairy and food department believes.

Find Woman Guilty of Murdering Two

(Associated Press Telegram)

Millen, Ga., Sept. 13.—Mrs. Edna Perkins Godbee today was found guilty of the murder of Mrs. Florence Godbee, wife of her divorced husband. The jury recommended mercy. Mrs. Godbee shot and killed Judge Godbee, her former husband, and his wife in the Millen postoffice a few weeks ago.

Mrs. Godbee claimed as a defense that she had long been mistreated by her husband and since his divorce and that he applied a vile name to her on the fatal morning. Her defense for killing the judge's wife was that after she began shooting she was so excited that she did not know what she did. The dead woman was from Williamsport, Pa. The defense is expected to appeal.

FIND BODY IN BAY; POLICE INVESTIGATE

(Associated Press Telegram)

Sandusky, O., Sept. 13.—The body of a middle-aged man, well dressed, was found this morning in the Jackson street slip near the spot where the Niagara stood while here this week at the Perry centennial celebration.

The steamer Chisholm, backing in to the slip, churned up the body yesterday afternoon, but it sank again. A cut on the man's cheek led to the belief that he might have been assaulted and thrown into the lake.

This Protection Is For the Whole People, Not the Favored Few

It is a source of pride to the rank and file of the Democrats of the United States that their representatives and senators in congress are standing as solid as a stone wall against the assault of the special interests, coming from whatever source they may. The sugar barons and the cotton lords of the south have appealed in vain for special protection, as have the meat trusts, the elevator trusts, and the flour monopolies of the West, and the plutocratic fabric manufacturers of the East and the iron and steel dukes of the country. The Democrats in congress have stood solidly for the people—the vast army of consumers who for years have been the victims of sordid, selfish, greedy special interests.

From the day in April when congress met in special session all through the sweltering, torrid heat of this record-making summer no temptation was strong enough to lead Democrats to abandon their posts of duty. Their party promised the people tariff and currency reform at the Baltimore convention. It was their duty to see that these pledges were redeemed, and nobly are they performing their task.

The passage of the reform tariff bill by the senate, with so few deviations from the measure sent it by the house, is a remarkable achievement, and speaks volumes for the capable management and statesmanlike ability of the men who championed it, and thwarted every effort of the experienced opposition legislators to demoralize the forces of reform or defeat or maim the measure. The tariff bill, thanks to the wisdom and the courage of the Democrats of the house and the senate, and the ability, firmness and tact of the president, goes into the committee of conference shorn of no essential feature that made it Democratic and right when first introduced in the House as an administration measure.

The Democrats of the country as stated, are proud of the record made by Democrats in congress, and Democrats in the White House. They have constructed a tariff reform measure that is bound to bring prosperity to all the people and relieve them from this long rule of special privilege that has made plutocrats of a favored few.

Reform In the State's Penal Institutions

With the announcement of a industrial efficiency and conduct, schedule of wages, varying from one to five cents an hour, to be paid prisoners in the Ohio penitentiary, reformatory, members of the state board of administration completed arrangements for the institution of what promises to be a history-making reform in the state's penal institutions. It is one of the policies for which Governor Cox so vigorously contended during the last legislative session.

The compensation will represent the net earnings of the prisoners, so that the commonwealth will save the cost of the prisoners' keep, and counties and cities will not have to bear the expense of caring for such families of the prisoners as otherwise would become public dependents. Nice nest eggs will be laid aside for the prisoners also, to give them fresh starts in life.

The prisoners are to be classified, as to physical condition, character, are happening in the retail stores. It is one of the two critical periods of the year's sales. No merchant can forecast six months ahead the currents of trade. He must always buy ahead of his wares. Some of his ventures will go astray, chiefly because he can not forecast popular whims. Consequently, if he is to be a live one through the fall trade, he must clear his shelves, and turn goods into cash to pay for more seasonable goods.

The advertising columns of this newspaper tell the story of these doings. They report many bargains sold at prices below their real value, to meet these inevitable conditions of retail trade.

The reader who fails to study the advertising, and to follow up the bargain news there reported, is much like the dealer in food stuffs who should fail to read the produce news in the daily papers.

No one can buy intelligently without acquiring information in advance as to what merchants feel the pressure of the season most keenly, are enterprising in keeping their stock fresh, and will make the great

News in the Advertising.

This newspaper has often remarked that the test of effective advertising matter is found in the question, "Is it news?" In accordance with this principle, the present is a time when the advertising in these columns is particularly effective.

Uncle Walt's Philosophy

Degenerate Days.

Our writers are a sickly lot. The best is a faint heart. We have no novelists here. Scott, no humorists. The latter, no noble poets strike their lyres, producing sonnets like our poets write of rubber tires and draw ten cents a line. This sort of thing has often said, in print it often appears, until a writer has been dead from ten to fifty years, he can't expect to wear a wreath, and keep the same on straight; but when he lies the sad account, we find that he was dead. And when the living lot of scribblers have met their divers doom, the world will send admiring tributes to weep around their tombs. The graveyard, in the years to come, will cry: What rotten books! Our modern scribblers are on the same and worse than the "gadzooks." All ideas and current is the soil that once produced great men! We have none now like Conan Doyle, that giant of the pen. Where is the peer of William Loefer, whose worshiper I am, whose keen and brightly line of talk outdistanced Charlie Lamb? Today we have no gifted poets, there is no golden tongue, who writes such verse as Markham wrote, or Rudyard Kipling sprang. If we have laurel wreaths to give it's best, so help me John, to give them to the ones who live, and let the dead sleep on.

est sacrifices to clean out unseasonable goods.

Fortunately in these high cost of living times few people fail to realize this. To the women particularly, the advertising columns of a home newspaper seem more vital than the story the telegraph brings. The fact that toys' clothing can be had 25 percent off at a certain store, is far more interesting to a housewife than the feverish doings down in far Mexico.

The tariff bill passed the Senate Tuesday night and its final passage with its amendments became practically substantiated. Its effect upon the country's great business centers is already reflected in Wall street. Union Pacific railroad stock, a real barometer of the stock exchange, advanced in price to points on Thursday and Friday and the values of all standard securities were strengthened. This makes all this recent calamity howling that has been set up by high protection stand-patters look like a pretty huge joke.

Mr. Banker, Cheer Up!

(Pittsburg Gazette Times, Rep.)

Frank A. Vanderlip, president of the National City Bank of New York, has been doing a bit of prospecting in the future, so to speak, for enlightenment of the electrical industry and the banking world, the results of which he disclosed last Friday at a convention at Sacketts Harbor. In the next five years he estimates that \$8,000,000 a week, or \$2,600,000,000 in all, can be invested profitably in electrical development. Meantime, within the same period, \$1,000,000,000 in railroad securities will mature, railroads will require \$4,000,000,000, and states and municipalities will absorb \$1,500,000,000. These latter demands, beside those for general industrial and other needs, are imperative, while electrical expansion is possible and desirable.

The figures are stupendous, and, though it is not probable that they will be realized in the outside amount referred to by Mr. Vanderlip, it would appear that the outlook for the banking business is not void of good promise.

The Human Procession

Mrs. Maud Ballington Booth, the angel of the prison, will pass her forty-eighth birthday today. The beautiful and kind woman who, as founder and head of the Volunteer Prison League, has accomplished a great work in the reformation of criminals, was born in Surrey, England, the daughter of a clergyman, on September 13, 1864.

Her maiden name was Charles Booth, and she was well educated in England and Switzerland. She had just passed her twenty-first birthday when she became the bride of William Booth, the son of General William Booth, founder of the Salvation Army. A few months after their marriage the couple came to America. After the disagreement between Ballington Booth and his father-in-law, the founder of the Salvation Army, the States of the Booths, the couple came to America. After the disagreement between Ballington Booth and his father-in-law, the founder of the Salvation Army, the couple came to America.

The greater part of her life has been devoted to the cause of prison reform. Under Prison League, she has been in charge of hundreds of prisoners, and she has been in charge of hundreds of prisoners, and she has been in charge of hundreds of prisoners.

STALEY LODGED AT CITY PRISON

Harry Staley, arrested in Columbus Thursday evening on a charge of taking a diamond ring from a Newark girl, was brought to this city Friday afternoon by Police Chief Sheridan and lodged at the city prison. His hearing has been set for Monday morning and in the meantime Staley has been unable to furnish bonds. It is understood that the Newark girl, who, Staley says, placed the ring on his finger, has been stricken with remorse and does not want to prosecute the case. The ring has been recovered.

"What means this sense of late-ness that so comes over me, as if the rest of the year were down hill. How early in the year it begins to be late."—Thoreau.

The poet has most aptly expressed in the above the feeling that we all have experienced as the days grow shorter and the early shadows remind us that vacation is over—the restless happy days of rest and dreams are past and the duties of life must now be taken up. By many of us with renewed zest and a determination to bring to fruition many of the dreams of the summer? Club activities will soon be renewed and judging from the splendid record of practical things that were accomplished last year in the various clubs of the state, particularly along civic lines, the coming club year will be one of splendid achievement through the efforts of the earnest conscientious women who give so unselfishly of their time and means for the moral, social and civic improvement of their respective communities.

In resuming the work of this department, we wish to express our appreciation of the hearty co-operation of the club women throughout the state, of their many kindly words of encouragement and of their loyal support in every way. Through the courtesy of the various newspapers who have made this newspaper publicity possible, we hope to continue to keep Ohio club women in touch with the activities of their own clubs and also from time to time call attention to the work of the national organization. The general Federation of Women's clubs is now one of the recognized factors in the great humanitarian movement which is sweeping this and every other country, and it is so greatly changing the conditions under which people live and work. Women are especially interested in the homes and lives of women and of little children in those homes and club women are finding in the work of making those homes more neat and comfortable, and the lives of many women happier, a joy and satisfac-

CLUB NOTES.

The City Federation of Women's Clubs of Columbus gave \$1,000 in money and supplies for flood sufferers and the whole federation served as a relief corps.

The Woman's Educational Club of Toledo has a membership of more than 800 and is probably the largest individual woman's club in the world. Mrs. Nellie B. Brisham is president.

The Cleveland City Federation has a membership of more than 1,500—composed of a number of smaller clubs. Under the capable direction of Mrs. W. E. Schutt, president, this federation is doing splendid work.

The Thursday Club of St. Paul, Minn., is circulating pledge cards which read: "I will endeavor to inform myself as to the moral tone of a play or vaudeville performance before hearing it, and promise to discourage the presentation of any immoral entertainment by non-attendance."

All vegetables and other food commodities on display will be screened if the board of health of Youngstown, O., heads the urgent petition of the Woman's club. Sanitary disposal of garbage is also recommended.

TO TRANSPLANT 22 STRUCTURES

(ASSOCIATED PRESS TELEGRAM)
Washington, Sept. 13.—Transplanting of two solid blocks of buildings, twenty-two structures in all, will be started Monday by Hugh J. Phillips, a local contractor. Among the buildings is the historic Washington Inn, built by the first President. The blocks are the first to be cleared to make way for the magnificent plaza that is to stretch its parkway between the Union Station and the capitol.

SAVED FROM OPERATIONS

Two Women Tell How They Escaped the Surgeon's Knife by Taking Lydia E. Pinkham's Vegetable Compound.

Swarthmore, Penn. — "For fifteen years I suffered untold agony, and for one period of nearly two years I had hemorrhages and the doctors told me I would have to undergo an operation, but I began taking Lydia E. Pinkham's Vegetable Compound and am in good health now." I am all over the Change of Life and cannot praise your Vegetable Compound too highly. Every woman should take it at that time. I recommend it to both old and young for female troubles." — Mrs. EMILY SUMMERSGILL, Swarthmore, Pa.

Baltimore, Md. — "My troubles began with the loss of a child, and I had hemorrhages for four months. The doctors said an operation was necessary, but I decided it and decided to try Lydia E. Pinkham's Vegetable Compound. The medicine has made me a well woman and I feel strong and do my own work." — Mrs. J. R. PICKING, 1280 Sargent St., Baltimore, Md.

Since we guarantee that all testimonials which we publish are genuine, it is not fair to suppose that if Lydia E. Pinkham's Vegetable Compound has the virtue to help these women it will help any other woman who is suffering in a like manner?

Stomach Trouble; Wholly Restored!

Mrs. William Robinson, 744 Noble St., Toledo, Ohio, writes: "I feel like a new person. I have no more heavy feelings, no more pain, don't belch up gas, can eat most anything without it hurting me. I want to be working all the time. I have gained twenty-four pounds."

"People that see me now, and saw me two months ago seem astonished. I tell them Peruna did it. I will say it is the only remedy for spring and all other ailments."

No argument is needed for Peruna. Just get a bottle and try it. If you have catarrh of the stomach you have a serious trouble. If you want to find a remedy it would be very easy to make the experiment. Before you have taken Peruna a week you will likely find yourself better, then you will need no testimonials on the part of other people, or arguments to convince you. Until you try Peruna, however, all the testimonials in the world and arguments, however logical, will not move you. Just one trial of Peruna will convince you.

Persons who object to liquid medicines can now obtain Peruna Tablets.

INSTRUCTORS FOR HOME ECONOMICS AVAILABLE

Instructors of home economics in the college of agriculture, Ohio State university, can be secured by women's clubs and similar organizations for one to three day meetings during October and November. They will give lectures and demonstrations on phases of home life that will be of interest to all women. Canning demonstrations with explanation why many canned goods spoil, sanitation in and about the home, food value of meats, cereals and vegetables, together with the best methods of cooking each and some of the essential points in sewing will be discussed. Suggestions will be made for the furnishing of the various rooms in the house, especially the dining room and kitchen, showing how the planning of meals, serving the table and the arrangement of the furniture in these rooms will save time, work and worry for the housewife. Reasons, together with experiments, will be given for the changes that take place in the making of bread, jellies, jams and preserves, followed with causes of failures in the making of these everyday food products. Further details about the arrangement of these meetings can be had by writing to A. B. Graham, College of Agriculture, Ohio State University, Columbus, O.

PRINCE WILL HUNT WITH COL. CODY

(ASSOCIATED PRESS TELEGRAM)
Chicago, Sept. 13.—Prince Albert of Monaco spent an hour in Chicago today on his way from New York to Wyoming, where he plans to engage in a hunting trip with Col. William F. Cody acting as his guide. He arrived at 8:54 a. m. and left for the west at 9:45 a. m.

THIEF RAIDS BRIDAL ROOM.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Sept. 12.—Herbert A. Mason, a prominent dealer of Columbus, O., who is on his honeymoon, reported to the police today that a sneak thief stole \$200 worth of jewelry from the rooms occupied by him and his new bride at the Statler hotel last night. A pearl necklace and several rings were among the articles taken.

LICKING GIRL WITH OFFICER 666

OPEN SCHOOL WITH EXERCISE.

Reversing the usual custom, the schools of Marion and Liberty townships, Wood county, have for several years held exercise at the opening of school instead of the close. Pupils, teachers and parents attend and a program covering the entire day is given. It starts with one or more recitations of a serious trend by some well known educator outside the township, who chooses a subject that will be of special interest to the children. After this a field day is held with events in which both boys and girls can take part. A picnic dinner is served at the noon hour. The plan has been so successful that more people are attending the exercises each year with the result, as stated by one in attendance this year, that "the children of these communities look forward to the opening of school instead of considering it as an obstacle never to be overcome. It is like winding the misprising before the start."

WHEELER PROTESTS AGAINST RULING

Columbus, Sept. 13.—Wayne B. Wheeler, superintendent of the Ohio Anti-Saloon League, today filed with Attorney General Hogan a protest against expected ruling that breweries may own saloon property, providing they don't compel sale of their beer, or finance the business. The opinion announcing the attorney general's attitude is expected Monday.
The filing of the protest may delay it.

Mr. Wheeler declared such a ruling would be contrary to the spirit of the liquor license bill and would result actually in extensive control of retail liquor business by brewers and wholesale liquor houses.

What She Wanted to Know.
"You are going to marry a rich widower who has three children," said the fortune teller.

"Oh, I know that," replied the beautiful girl, "but I'd like to find out what we are going to do with the children, for, as he says, they certainly need a mother's care."—St. Louis Republic.

A Rebuff.

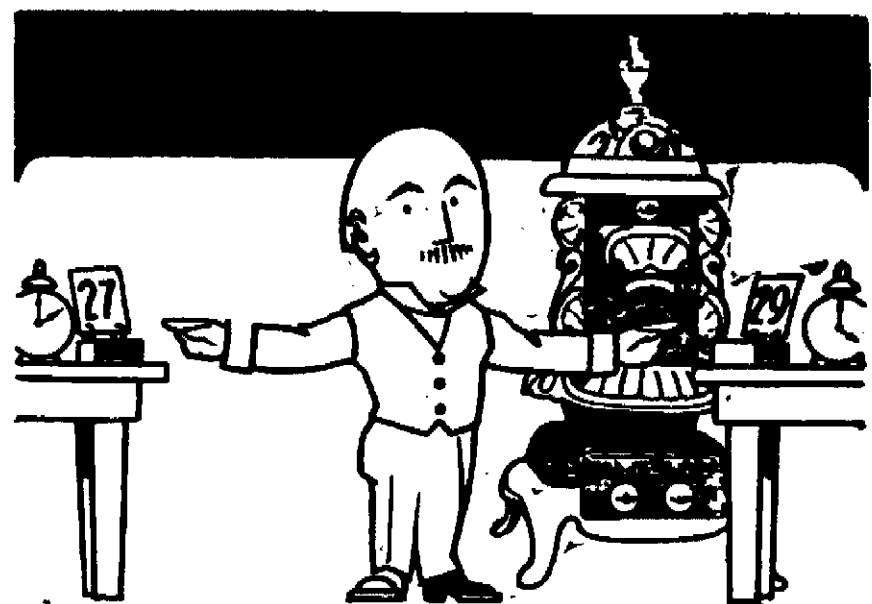

"I told father I loved you more than any girl I've ever met."
"And what did father say?"
"He said to try and meet some more girls."—Cornell Widow.

50 Hours Fire on ONE Charge of Fuel

"There ain't no sech animal," said the gentleman from Podunk, as he stood before the hippopotamus at the zoo. It was such a new experience for him that he wouldn't believe his own eyes.

Lots of people laugh when we tell them that the

Estate Oak

will keep fire for fifty hours on only one charge of soft coal. Yet the stove's done it time and again—and is sold now under that guarantee.

The stove that will do this—the only stove in the world that is guaranteed to do it—is worth investigating; don't you think so?

Make this investigation soon—at our store. You'll know, then, why we urge you to "Own an Estate."

THE FORWARD-LOOKING WOMAN

versus

THE FIRESIDE WOMAN

By Barbara Boyd

Parrots and Women.

DID you ever think of the similarity between the condition of women as it has been and that of a parrot? asked the Forward-looking Woman.

"Goodness, no," replied the Fireside Woman. "I never did like parrots. The only way I think of them is to detest them."

"You are ruled entirely by your feelings, aren't you?" observed the Forward-looking Woman. "If you don't like a thing, that settles it. You never consider it."

"Why should I?"
"Even though you don't like it, you might learn something from it. Now suppose, for instance, you had considered the parrot. You might have deduced from it what George Bernard Shaw has."

"He deduces whatever he pleases from anything."
"Perhaps. But this is what he says about a parrot. 'There may even be idealist parrots, who persuade themselves that the mission of a parrot is to minister to the happiness of a private family by whistling and saying, 'Pretty Polly,' and that it is in the sacrifice of its liberty to this altruistic pursuit that a true parrot finds the supreme satisfaction of its soul. This fits rather well, doesn't it, some people's idea of the mission of women.'"

"But," objected the Fireside Woman, "if a woman finds her truest happiness in sacrificing herself, as the immortal C. B. S. puts it, by ministering to her family, why shouldn't she do it?"

"In the first place, the self-sacrifice in most cases isn't necessary, and in the second place, it isn't self-sacrifice at all, but in reality a ministering to her own vanity and selfishness,—for when it is a pleasure to do a thing, it is no sacrifice, and when a woman pretends this is a sacrifice, she is simply posing. And all this is bad, for it makes her hypocritical. But in the third place, these things are all beside the question. The point is that while the majority of women are content to stay in the cage and say 'Pretty Polly,' all the rest have to, whether they want to or not. What we ought to do, as a matter of impersonal justice, is to open all the cage doors. And then the women who prefer to remain inside and do something more useful and edifying will not be prevented. You prefer to stay in, and so you won't do anything toward helping to open the cage doors. But you don't have to go out because your cage door is open. But you ought to be broad-minded enough to be willing to have it open, since the opening of it means liberty for those who long for it."

The Fireside Woman was silent.
"And I have an idea," laughed the Forward-looking Woman, "that if your cage door was open, you would step outside once in a while just to see what the country looked like. And you'd be all the better for your change of view."

Obituary

GEORGE W. HARDWAY.
George W. Hardway, son of John R. and Elizabeth Hardway, was born in Madison township, Licking county, March 20, 1847, and departed this life Sept. 8, 1913, aged 66 years, five months and nineteen days. He united with the Licking Baptist church at the age of 20; was married to Mary V. Gill, daughter of John and Diana Gill, Jan. 7, 1869, living in the old home of her parents for 31 years. The couple came to Newark and resided here 13 years. Mr. Hardway was a kind and loving husband and was held in high esteem by neighbors and friends and will be greatly missed by all who knew him. He leaves a devoted wife, two brothers, J. C. and H. V. Hardway; two step-sisters and two nephews, R. E. and S. W. Hardway. One by one we are gathered home and their gain is our loss, and our hearts are sad.
There is a keeper whose name is Death.
And with his cycle keen
He reaps the bearded grain with a breath,
And the flowers that grow between.
"Shall I have not that is mine,"
He saith he.
"Hark, naught but the ripened grain."
Though the breath of the flowers are sweet to me
I will give them all back again.

MRS. W. O. CORVELL.
Mrs. W. O. Corvell, daughter of Mr. and Mrs. Andrew Beard of Jacksontown, died at her home in Columbus Friday night at 9 o'clock after a ten days' illness. Mrs. Corvell was well known in the vicinity of Jacksontown, where she spent her girlhood days. She was 49 years of age last December. While she had been ill for a few days it was not thought serious and the news came as a great shock to her relatives and friends in the county. Her home on Indiana avenue in Columbus. No children were born to the union. A sister, Mrs. William Wallace of Jacksontown, also survives.

Mrs. Corvell was well known in the vicinity of Jacksontown, where she spent her girlhood days. She was 49 years of age last December. While she had been ill for a few days it was not thought serious and the news came as a great shock to her relatives and friends in the county. Her home on Indiana avenue in Columbus. No children were born to the union. A sister, Mrs. William Wallace of Jacksontown, also survives.

Obituary

MARTHA RICHARDS.
